Sam and the staff at Mollaei Law are knowledgeable, professional, extremely efficient and highly responsive. They answered all of my questions with ease and they got to work on my S-Corp immediately. Sam had excellent communication with me throughout the process. I'm very pleased with the outcome and would absolutely recommend Mollaei Law to anyone looking to create a corporation. I've worked with many attorneys before on other matters and have never had such a positive experience as this!

Best ITN service I could ask for. I was skeptical at first because of the ad but then I read the reviews and decided to go with it and I am so glad I did! Great communication; if you ever need an update just reach out to them and they will get back to you within a day or two. I got mine a little late compared to others because of covid but they made the waiting worth it!

Mollaei Law is a great company to contact when starting a business in North America. I was referred to them when I needed to apply for an EIN to get my business registered and started. They took the time to explain everything to me in detail but also in a way I could understand and also informed me of some things I didn't know before. I would definitely go to them again if I need any other legal business advice or help in the future and would recommend their services to anyone wanting to launch a business in North America. They are professional and respectable.

I use EIN Express for my ITIN Service, and Sina Bonabi did really a great job. Even in the pandemic, everything went smoothly and I got my ITIN within 100 days, remember there are more than half a million applications ahead of mine, so it's really amazing experience.

The good service is 100% recommended. It's a first step towards my new life.

Very reliable and good service for getting an ITIN. They were super attentive and despite all the delays in processing times throughout all the covid situation they were true to the time frame they estimated when we filed the application.

I definitely recommend Sina Bonabi and EIN-Express services at Mollaei Law.

EIN Express is a very professional company. I talked with Mr. Sina Bonabi about my needs for the ITIN Service and I was guided through the process perfectly. Even it took a while due to covid, I always got a response about the status and estimated time to complete. Definitely I would recommend their services.

After having my ITIN, i talk to Sam Mollaei to create an LLC from scratch, whole process took 3 emails and less than 3 days, amazing services and guidance through the process. Highly recommended.

I have been in great hands with Mollaeilaw. They have been with me from the beginning. If you are looking for an exceptional fast, smooth service, you will not find a faster and better service than EIN express. Mr Attorney Sam did everything in his power to help me and make sure I got every question answered! Every time I spoke with the firm I would feel like they truly cared. They took their time to answer every single question I had so unlike other law firm I'm used to dealing with. Mollaeilaw were so caring and went out of their way and gave me advice on what to do due to my current circumstance. I'm so impressed by this service! They made my life just so much simpler. I got my EIN and LLC registered in no time even during the pandemic. So now I can finally work!! I did not expect such fast service. He notified me on email about my EIN being assigned successfully so he made sure I got it!! Mr Attorney Sam is world class. He will get the LLC formation or EIN, ITIN Mr Sam is the Man. Wether it is LLC done or EIN, ITIN Mr Sam is the Man. Wether it is the job done indeed!! Worth every single dollar i have spent!!!! Best investment of my life thanks to you god bless you Mr Sam!!

Sam has been pivotal in starting up my small business. As a first time business owner, I had many questions both before and during the process of creating my entity. Sam and Mollaei Law made the process seamless as well as helped me feel extremely comfortable by answering all of my questions in a timely and professional manner. As a chiropractor in California, I knew there were certain regulations that needed to be followed to abide by state laws, and Mollaei law was always two steps ahead. I was very pleased to work with a group that was familiar with the demands of my profession. I can't recommend Mollaei Law enough!

Great experience with Sina Bonabi at EIN Express to get hold of an ITIN. Was warned of great delays at the IRS but it barely took two months and Sina kept me up to date all the way through. Whenever I had a question, he answered almost immediately. Cannot recommend the service highly enough, smooth and professional from start to finish.

I was lucky to find this highly rated company. Sam and his associates were very patient and thorough when it came to establishing a professional business corporation. I wanted to make sure as a nurse practitioner that things were done correctly and they were very knowledgeable as such. They were responsive in the many questions I asked. Not pushy in trying to up sell me in things I don't need. But I will definitely utilize other services they have to offer once my business is up an running.

If I must say, I was at first taken back by the price to have my ITIN done by EIN Express and after careful due diligence; I went ahead and try their amazing company. I honestly did not know what to expect and it is great whenever an organization can blow you away with superb service. Prince is by far a real prince as he dresses like one (sharp), Sina Bonabi's response time is off the rail, and the level of professionalism is high you guys.

The interviewer was truly pleasant and spoke clear as day – the process is not long so long as you have all of your information to hand. Also, make sure you have the time difference for your region down-pack because you really don't want to miss out on the interview.

We all know with Covid-19 things slowed down somewhat with global agencies backlogged with applications, etc. I was told due to the backlogged I will have to wait at least 6 – 8 months, so I made the call knowing fully it was something that needed to be done no matter the time frame.

I got back my ITIN in less than 90 days and I almost fell out of the chair when I saw the email I put the ITIN straight to working for me. My business started receiving approval from PayPal and other business activities. Special thanks to the entire team at EIN Express Inc. for delivering excellent service in a reasonable time frame, I will be sure to continue to spread the good word. ~Corrie St.~ Barbados, W.I.
